Re: Requesting maximum of 72 group supervision hours for Kristy Bookhardt (LMSW#15967)

To: Louisiana State Board of Social Workers Examiners

Please accept this formal request to approve Kristy Bookhardt LMSW, an extension to receive the maximum allowed group supervision of 72 hours vs. the current 46 hours.

1. Kristy is in a clinical supervision group where members participate in surveys, exercises, role plays, presentations, and other assignments. These activities are enriched in a group environment and would benefit her preparation for LCSW licensure.
2. This group is specifically capped at 4 persons (even though a maximum of 5 is allowed). This cap is designated to ensure for adequate time and attention to the group members.
3. Participation in activities such as case discussions and case presentations along with assigned presentations allow for better observation of several of the required 10 supervision evaluation elements (for example: *Relationship with other professionals* and *oral communications*).
4. Allowing Kristy to participate with other social workers practicing in diverse areas of clinical social work adds a robust and well-rounded exposure, better preparing her for the LCSW examination.
5. This experience is mutually beneficial to all the group supervision members. Her feedback and contribution as a social worker in psychiatric hospitals and the school system is educational and useful exposure for other LMSW group members as well.
6. Lastly, yet an important consideration for many LMSWs in supervision, is the reduced group supervision rates. As is typical in group experiences, group supervision is more financially efficient than individual supervision sessions.

Thank you for your consideration of this request. I may be reached at  
if you have any further questions.

Happy Pride Month!

Sincerely,

*Gina Rossi*

Gina Rossi, LCSW-BACS

Hi Regina!

Thanks so much for speaking with me Friday about my CEU issue. As I stated, I bought it before the rule changed about the collection period. It was \$1500 and it is this weekend, July 15-17th. It totals 20 CEU hours. I would not have purchased this particular date had I known it would not be counted, due to the time and the high cost of the training.

Here is the website for reference. I am doing the training in Nashville, TN.  
[Basic Accelerated Resolution Therapy® Training - \\$1500.00 USD](#)

I am also giving birth in 2023, and was planning to finish my hours before that because it will be difficult to do any meaningful trainings after the birth. I was writing to ask the Board if they would be willing to count my 20 hours for next year (2023-2024). I've already completed my CEUs for this year, and have already paid/updated my license, so I can't use them for this year.

Thank you for your consideration!

To: Whom It May Concern

Re: Supervision for Bill O'Connor

I am writing this to inform the board that I have no previous current or previous affiliation with Mr. O'Connor. I met him last week for the first time after he contacted me regarding supervision. If I am approved to do supervision for him, I will submit quarterly supervision reports which will include topics addressed and the progress he is making. If more information is needed, please feel free to contact me at the number provided below.

Sincerely,

Christine K. Tilley, LCSW, BACS

Good afternoon,

Please see below regarding a potential situation that I need ethical guidance on. I didn't find anything in the Practice Act and Standards that addressed this unique situation. I appreciate your time and assistance.

Sincerely,  
Jessica Mayeux, LCSW-BACS

**Subject:** Ethics consultation

Good morning,

I have a situation that I discussed with my immediate supervisor, and he instructed me to submit the information to the Integrated Ethics program for an ethics consultation.

I am a member of a large women's volunteer organization, Junior League of Baton Rouge. I was recently assigned to a committee in this organization for the 2022-2023 league year. Upon seeing the list of committee members, I recognized the name of a former veteran client. I was her individual therapist in the SUD clinic, and my last clinical contact with her was some time in 2018, prior to moving into a new role at the VA.

In regards to potential future contacts with her in the Junior League organization, it could include being present at committee meetings with her or being present at large community volunteer events with her. I am not in a leadership role in the Junior League organization.

Thank you for your time and attention to this matter.

Sincerely,

Hi Patsy,

Thank you for your email. I apologize, this is not a question that board staff can answer. I will add this to the agenda for the next meeting scheduled for July 29, 2022.

Sincerely,

Hello, Board members. I'm starting a faith-based small consult and Christian counseling business in my local area. I have a BA theology degree from the accreditation school of theology. I'm also an ordained licensed evangelist since July of 1999 and am currently in school for a master's in Theology. Being a social worker, this my passion, and with 30 years of experience. I'm also furthering my career in SW by preparing to pass the state board exam to become the LMSW; this is my desire and calling, and the counseling service will be on a sliding scale. I want to make sure I'm not out of order or breaking any laws according to the state board rules and regulations by starting my business. I'm not and will not be practicing anything out area of my degree.
